

Lead Line Inventory

OLYMPIC

WATER AND SEWER INC.

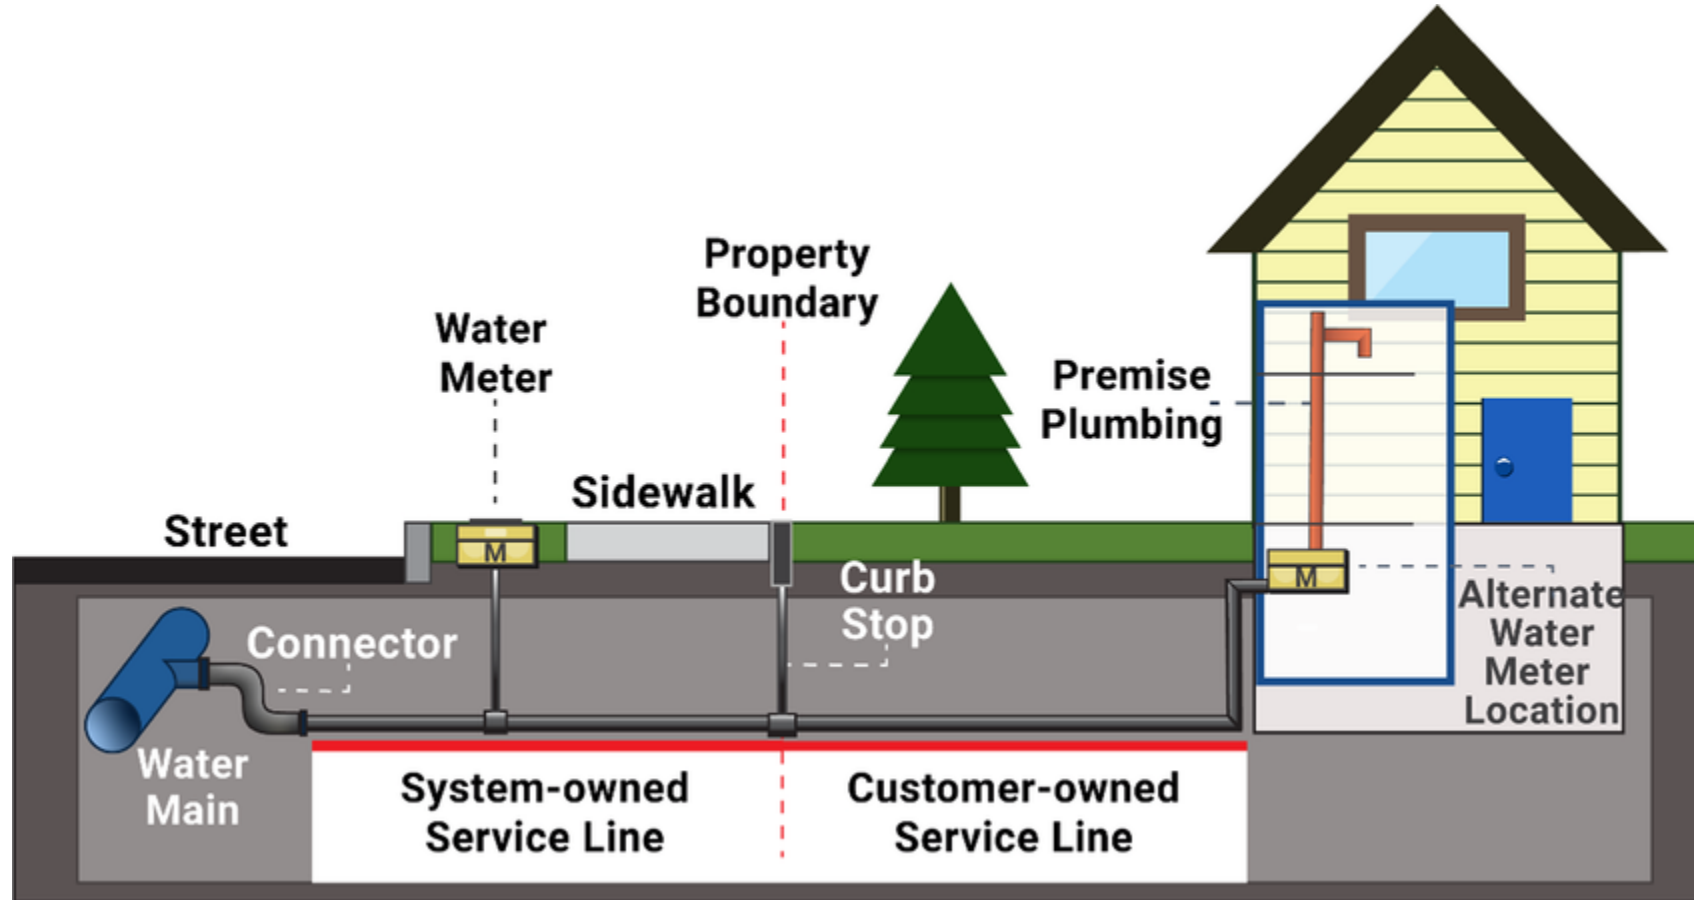

Lead Service Line Inventory Guidance

- All community and non-transient non-community (NTNC) water systems must develop an initial inventory of service lines that meets the LCRR requirements for both the public and private portions of every service line and submit the lead service line inventory to the state by...

October 16, 2024.

- The Lead and Copper Rule Revisions (LCRR) inventory requirement directs water systems to undergo a record review of information pertaining to service lines, both water system-owned and customer-owned portions. The U.S. Environmental Protection Agency (EPA) understands that no inventory method is 100 percent accurate, and the LCRR requires utilities to update their inventories on a regular basis as new inventory information becomes available. Replacing lead service lines is the best way to reduce the risk of exposure to lead in drinking water across a community. EPA rule National Primary Drinking Water Regulations: Lead and Copper Rule Revisions and Governor's 16-06 Directive.

OWSI-owned / Customer-owned

All residences built before 1-1-1987

On the Lookout for Lead

	Lead	Galvanized Iron	Copper	Brass
Outer Appearance	Dull gray, bendable; Often curves between wall/floor and valve	Dark gray or black; Straight rigid pipe	Brown; Can have green corrosion spots	Brown; Can have green corrosion spots

WHICH MATERIAL WAS THE SERVICE LINE FROM THE WATER MAIN TO THE METER, PLASTIC, BRASS, COPPER OR LEAD?	Plastic
WAS A PHOTO TAKEN OF THE SCRATCH TEST ON THE WATER MAIN SERVICE LINE (YES OR NO)	Yes
WHICH MATERIAL WAS THE SERVICE LINE FROM THE METER TO THE HOUSE PLASTIC, BRASS, COPPER OR LEAD?	Plastic
WAS A PHOTO TAKEN OF THE SCRATCH TEST ON THE WATER HOUSE SERVICE LINE (YES OR NO)	Yes

SIGN UP FOR NOTIFICATIONS

Olympic Water & Sewer, Inc. (OWSI) has implemented a new notification system to be able to reach our customers with important communications and emergencies.

Olympic Water & Sewer, Inc. has implemented a new system called AlertMedia to communicate with our customers during emergency situations. It will allow us to send multi-channel alerts to impacted individuals via email, text, voice calls during a critical event. Such events may include: OWSI-related emergencies, boil water or do not drink notices, water main flushing, etc.

Register to receive notices using your name, address OWSI account number and your preferred method(s) of communication. **Notifications will mainly be sent via email at the addresses provided to us from our customers.**

Only in cases of emergency will we contact our customers through all methods of communication available including SMS Text Messages and Voice 'Robo Call' Messages, if you have provided us with the contact and elect to receive them.

First Name(s) <i>(Required)</i>	Last Name(s) <i>(Required)</i>
